Dear Colleague,

### **URGENT COVID-19 VACCINE RESOURCE UPDATE**

Resources are currently being distributed to all pharmacies in relation to the COVID-19 vaccine.

In light of the recent changes in guidance on COVID-19 vaccine dosing intervals, we are aware that there is now an inaccuracy in the 100 x COVID-19 vaccination guide for adults (12pp leaflet) which has been included in the pack.

If you are a Living Well contracted pharmacy, these also form part of your "Phase 2" resource pack.

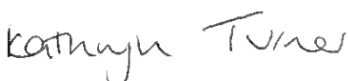

Once you have received the affected resource, please **DO NOT** use the printed 100 x COVID-19 vaccination guide for adults (12pp leaflet). **Instead these should be destroyed.**

The updated version is available online at:

A new allocation of the updated leaflets will be distributed to your pharmacy towards the end of January 2021. Please use the online version in the interim period.
