CONDITIONS OF ENTITLEMENT

2. (1) A dentist who, at the date when the claim is made, satisfies the conditions specified in sub-paragraph (2) and who makes a claim to the Board in accordance with paragraph 5, shall be entitled to payments in consequence of suspension calculated in accordance with paragraph 3.
- (2) Subject to sub-paragraph (3), the condition referred to in sub-paragraph (1) is that the dentist's name has been included in the dental list for a period of at least 1 year, the last 26 weeks of which must be continuous and immediately precede the date of suspension.
- (3) In the case of a dentist who has undergone 1 year's approved vocational training immediately prior to his name being included in a dental list the 1 year referred to in sub-paragraph (2) shall be reduced to 26 weeks. This period must be continuous and immediately precede the date of suspension.

CALCULATION OF THE AMOUNT OF PAYMENTS TO BE MADE IN CONSEQUENCE OF SUSPENSION

3. (1) Subject to sub-paragraphs (2) and (4), the amount of the payment in consequence of suspension payable in respect of each week is the weekly rate equivalent of 80% of the dentist's gross earnings over the test period.
- (2) Where, for part of the test period, a dentist was employed as a vocational trainee, he shall be treated for each financial year or part thereof in that test period as having had gross earnings calculated as follows in relation to the figures listed below -
- (a) where his contracted hours of employment each week were 35 hours or more, a sum equivalent to such proportion of the figure listed as the period of vocational training bears to the test period; or
- (b) where his contracted hours of employment each week were less than 35 hours, a sum calculated in accordance with paragraph (a) and discounted by a percentage equivalent to the difference between his contracted hours and 35,

and, for the purpose of calculating the dentist's gross earnings over the test period, that amount shall be added to his gross earnings for the remainder of the test period.

The sums referred to in sub-paragraph (a) and (b) are

For 2008/09	£140,786
For 2009/10	£142,898
For 2010/11	£142,898

- (3) Where, prior to 1 April 2010 a dentist has received payments in consequence of suspension under an entitlement beginning before and continuing after that date, the payments already calculated under that entitlement falling due on or after that date shall be increased by 1.5 per cent.
- (4) Where sub-paragraph (3) does not apply and any part of the test period falls before 1 April 2009, then, for the purposes of calculation of the amount of payments in consequence of suspension only, the gross earnings earned in this part of the test period shall be increased by 5 per cent.
- (5) Where sub-paragraph (4) does not apply and any part of the test period falls between 1 April 2009 and 1 April 2010, then, for the purposes of calculation of the amount of payments in consequence of suspension only, the gross earnings earned in this part of the test period shall be increased by 1.5 per cent.
- (6) In the case to which paragraph 13 of Part I of Schedule 11 to the HPSS (Northern Ireland) Order 1972 applies, payments made under this determination shall be reduced to take account of any payments which the dentist receives for providing general dental services other than as a principal.

DURATION AND PAYMENT OF PAYMENTS IN CONSEQUENCE OF SUSPENSION

4. (1) A payment in consequence of suspension calculated in accordance with paragraph 3 shall be payable in respect of each week during the period of suspension.
- (2) Payments in consequence of suspension -
- (a) shall be payable monthly in arrears and only for complete weeks;
- (b) shall not be payable in respect of any week prior to the date of suspension nor any week falling more than 8 weeks before the date on which the dentist makes his claim unless the Board is satisfied that the lateness of the application is due to illness or some other reasonable cause.
- (c) shall, subject to sub-paragraph (d), cease to be payable once the Tribunal has disposed of the case.
- (d) Sub-paragraph (c) shall not apply -
- (i) where no appeal is brought against the decision to make a direction, until the end of the period for bringing an appeal, or
- (ii) where an appeal is brought against that decision, until the appeal process has been exhausted.
- (3) A dentist whose name has been removed from the dental list in accordance with regulation 9 of the 1993 Regulations (removal on grounds of age) shall cease to be entitled to payments in consequence of suspension under this Determination from the date that the Board was entitled to remove his name from the dental list.
- (4) Where a dentist who is in receipt of payments in consequence of suspension dies during the period of suspension the Board shall -
- (a) inform the BSO of his death and of the name and address of his executor or other personal representative; and

- (b) subject to paragraph 4(2) authorise the BSO to pay to such representative the balance of the payments due for the period of suspension prior to his death as were not paid at the date on which he died.

CLAIMS FOR PAYMENTS IN CONSEQUENCE OF SUSPENSION

5. A dentist or, where he is incapable of applying, the person legally appointed to handle the dentist's financial affairs, shall make a claim for payments in consequence of suspension in writing to the Board. The claim shall contain or be supported by such information as the Board may reasonably require for the purpose of establishing the dentist's entitlement to payments.

AUTHORISATION TO THE BSO

6. Where the Board determines that a dentist is entitled to a payment in consequence of suspension, it shall inform the BSO of the amount of that payment and authorise the BSO to make payment to the dentist.
